Flooring that meets your needs

Technical Data Sheet: AstroTurf
Revision: Feb 2023

AstroTurf

Not every artificial turf is right for Gym use. Our **Astroturf** rolls have been designed and manufactured to offer high performance. Our unique weaving pattern ensures the turf stays in fully upright position and the fibrillated yarn will seem better as months go by. It can withstand up to 280kg prowler sled workouts.

Designed as an athletic track with lines in white turf, it is perfect for long term indoor use, especially for Functional Training exercises, such as push sled, running, sprints, slam ball, etc. It is also suitable for Outdoor use, since the yarn has UV treatment.

COMPOSITION

Fibrillated PE yarn, 5/16 gauge, GeoTextile, Coating SBR Latex

SPECIFICATIONS

Usage	Indoor / Outdoor
Size	200x1000cm
Pile Height	20mm
Color
